Good Evening,

I just wanted to follow up and find out if you or anyone from the BID will be attending on Friday?

On Feb 17, 2017, at 2:19 PM, [REDACTED]

Good Afternoon,

USC's Government Relations team helped the Viterbi School of Engineering in obtaining Federal Grant money to open the USC Center for Advanced Manufacturing (CAM) in Los Angeles. This will be the only major academic manufacturing facility in the greater Los Angeles area. CAM was selected to participate in a National Manufacturing Innovation Institute program in robotics manufacturing, which will help bring new federal funding to the City of Los Angeles. We hope you are able to join us next Friday, February 24th from 9:30am to 12:00pm at 2727 S. Flower Street, Los Angeles. I have also attached the invitation for you. Please share with the Fig BID members.

Let us know if you need any additional information or if you plan on attending. Hope to see you there!

Hi Melinda,

I'm not sure if I'm going to be able to make it. With the grant deadline looming that day, I'm anticipating that I'll be locking myself in a room and working on that to finish it off.

Is the event an open house or demonstration, as I noticed it goes a couple hours?

Thanks,
Aaron

Good Evening Aaron and Steve,

This Thursday, USC's Civic Engagement team is hosting a roundtable on homelessness with an array of agencies. Given the work the BID has been doing around the issue, David felt appropriate to extend an invitation to you both. Below is the invitation. I have also copied Patricia in this email, so feel free to reply here if you are able to join us.

Chief Earl Paysinger
V.P. Civic Engagement, University Relations
University of Southern California

Invites you to join the

**University of Southern California
Roundtable on Homelessness**

USC University Club
705 W. 34th Street
Los Angeles, California 90089
